# Silk Scarves Collection

by MonAsty

MonAsty, Thessaloniki, Autograph Collection has as a point of reference the Samite, a luxurious silk worn in the Middle Ages, often including gold thread. Samite was the favorite silk of the Byzantine emperors and their court.

MonAsty in collaboration with local designers created scarves, which all their depictions refer to and are inspired by the Byzantine era when Constantinople was the first and most important Silk Industry in Europe.

The scarves are decorated in common areas within the hotel and in all rooms and suites.

The scarves are 100% silk and are produced in Soufli, Greece.
